10th August 2026

Dear Sadik

I would like to take this opportunity to welcome you to the British Society of Prosthodontics. The Society holds an annual conference in March/April each year; details of this can be found on our website. We also hold a number of CPD events throughout the year and have online CPD webinars that you can access for free as a member. In addition, you will also have automatic subscription to the International Journal of Prosthodontics which we are currently switching over to. Details will be emailed in due course of how to access it.

Subscriptions to the Society are due at the start of February each year. As you have joined so far through the year, your next subscription will be due 1st February 2028. A reminder will be sent.

To keep up to date with what is going on, please check our website which contains:

- Information and news about the Society
- Information about CPD events. Events are booked online via the website and CPD certificates will be available online.
- Information about grants and awards made by the BSSPD
- A member's only section which hosts forums for case discussions among the membership which includes a number of specialists in Prosthodontics and consultants in Restorative Dentistry

As a member, you can access members only sections of our website using your login name and password, these were sent in your initial email. As we communicate with you mainly by email, please keep your contact information up-to-date by using the 'Edit member details' page. To change the types of emails that you receive from us, go to 'Edit details' to update your preferences.

We are always open to suggestions about new content for the website, if you have an idea of something that would be useful please contact us and let us know. Should you require any further information regarding your membership please email me.

Yours sincerely,

Kirstin Berridge
Society Administrative Manager
